Hello Mr/Ms/Mrs,

If you are looking for a hard and smart working candidate then, I will be your best choice. I have prior experience in Web development and testing which includes my skills in Javascript(ES6, React), Php(CodeIgniter, Laravel), HTML, CSS, Gitlab(CI/CD), Github. I want to be a part of team where i can contribute to technology by exploring, learning and applying my knowledge. I assure that, i am a self and fast leraner so that, I will contribute more to the product with my knowledge. Kindly, consider my CV for your reference regarding my Job and educational background. Looking forward your response. Thanks in advance.

Regards,
